

COVID-19 Precautions

Aluma-Form values the safety and health of all our employees, customers and communities. We have policies and procedures in place to help ensure business continues as usual during situations like this, and we are following those plans. We continue to monitor the current situation surrounding the Coronavirus (COVID-19) through all federal, state and local authorities.

We have taken precautionary steps, such as postponing business travel and offering health and safety information to our employees, to mitigate risks associated with COVID-19. We are also in constant communication with our suppliers and service providers that support our operations to ensure that business continues as usual.

We will communicate any impact or changes to our business as quickly as possible if necessary. If you have any questions please don't hesitate to contact me.

We appreciate your business and will continue to provide the best products and customer service in the industry.

Regards,
