

HELICAL LINE PRODUCTS COMPANY

659 Miller Road • P.O. Box 217
Avon Lake, Ohio 44012

RE: Covid-19

The recent global developments surrounding the spread of Covid-19 virus and resulting government action have created significant challenges for our employees, customers and suppliers. As of March 23, 2020 Helical Line Products Company remains fully operational as a "critical Manufacture" per the U.S. Department of Homeland Security.

In response to the situation Helical Line Products Company has enacted several measures intended to help mitigate the impact of Covid-19 on our employees, customers and suppliers, including the following.

Limiting exposure to our employees.

Monitor actions implemented and considered by local, state and federal authorities.

Identifying best practice across our facility.

Limiting access to our facility.

As a result of the above Helical Line Products Company has taken our outside sales staff "off the road" until further notice.

Please contact your local Helical Line Products Company sales representative if you have additional questions.

Thank you for your consideration,

Bill Bonds
President.
