

Every Second Counts.

Off-Site Construction for Healthcare and Emergency Response

While the demand for new and temporary patient care space, shelter and supplies rapidly increases many health care systems are turning to Off-Site construction for a quality, expedited building method for these structures when it matters most.

WESCO is committed to serving as single-source for supply-chain solutions and materials management for critical infrastructure from Concept to Construction through Completion.

Concept

Construction

Completion

Our team of professionals located throughout North America, is assembled and prepared to efficiently and effectively service our customers to relieve the strain on our hospitals and health care professionals in support of defeating the COVID-19 pandemic.
